The Premises:

Ground floor conversion in an Edwardian Terrace, 5/10 mins walk from tube depending on whether you are a marcher or stroller. I drove. Room fit for purpose. Student rock band next door helped mask sound from upstairs residents.

Found her using the postcode tool on the PNET SP database. Very handy.

The Lady:

Tall Sri Lankan girl, but well-travelled, and with English accent. Her pictures hide her face, for the usual reason, but I can confirm that she is very pretty. Size 10/12 I'd guess. Perky rack. Beautiful brown skin. Long dark hair.

Wears glasses a lot of the time, and this helps to give off a thinking-man's-crumpet vibe, which is reinforced by her being actually very smart, and interesting to talk to.

The Story:

Chatted a little first. I don't know if it helps put the girls at ease but it sure helps me. I can't just start off like a rocket. But when we did get going it was lovely, French kissing, GFE style. After disrobing and fondling and RO, we moved to the main event.

This was missionary style, then doggie. Finished by hand. We were both pretty wiped so then just lay together cuddling and chatting. I would say that this has been the best of my few 'Indian' experiences, and would heartily recommend her to others, and will certainly, at some point, re-visit.

FWIW she also does domme services, but that's not my bag.
