### The Premises:

As previously reported, an Oriental Health and Massage shop in High Barnet. Just off the high street. No parking except pay and display or in the Spires shopping centre. Google it for the address.

### The Lady:

Cute, 35ish Chinese lady well dressed. Nice body and a few tattoos (so I later found out).

### The Story:

Chose a 45 minute massage for ?40 and was offered HR for an extra ?20 or naked full body for an extra ?20. I chose the HR option and she did the massage which was very nice. Things started to get intimate and she then offered the full body for an extra ?10. She got naked and I started to caress her. She responded very well and I soon had her on the table kissing and licking her natural pussy. She relaxed, let down all her long hair and came with a pretty noisy orgasm which she struggled to suppress. She then finished me off - full sex would have been on the cards but no condoms available. Afterwards she kept kissing me and holding me - I think I made an impression! I gave her the extra ?20 in the end - I'd had such a good time

So, to contradict the previous report, treat her well, don't be stingy and she'll respond appropriately.
