The Story:

My second meeting with Susan! The first was several months ago and I was a little apprehensive that my memory might have played tricks with me, but I need not have worried. She greeted me with a simple, ?Hello!? and then the smile broke out across her face, and I felt as though she had been waiting to see me again! Susan has a fantastic body and it was a delight simply to look at it, and then to see her smiling at my obvious appreciation. It was even more fun to explore it, and to remember what she liked, and to share pleasure with her. Very satisfying, but it left me hungry, so we went out to lunch and I enjoyed her company for another hour!

Susan sparkles. She is great fun, has a fantastic figure, is lively and amusing, and very sexy, and her smile is mischievously captivating. A great time again, and I shall have no apprehension about our next meeting."
