The Premises:

Shop near the football ground, its been on the go for years. Discreet rear entrance, code for lock on gate given over the phone. First trip to this shop for a long time, decided to give it another go after 1 poor punt too many in the past. Same as I remember, run down but clean, enter through the tradesmans entrance, 70` s porno on a portable tv, no carpet and a mosquito net hanging over the bed. No drink offered and ?5 door fee.

The Lady:

25, caribbean lady, large arse and tits, pretty face, nice personality. Shaved burger. Nice enough lady but perhaps a little inexperienced at parlouring.

The Story:

Started with a 2 mins half arsed massage, then some nice ball play before turning over. Rolled a skin on and gave some oral which was crap as at some point it felt like she was biting my schlong. Penetrated in 3 positions before emptying in doggy. Cleaned up and left.

Average punt and expensive at 55 bills for around 20 mins, however it did a job but could be only be described as a 5/10 emptying.

Normally I wouldnt have returned to this shop as the poor punts outway the good considerably, but unfortunately it was a case of cock ruling my mind.

Overall 5/10 punt, would only return if its a case of desperation as it was here.
