The Premises:

Well reported-on: a "cottagey" sort of place (even though in a commercial area) which is safe and with a good security system. On-street parking freely available. Rooms are decorated and furnished to a good standard. Briony, receptionist on the day, was friendly and welcoming - and does a very nice cup of tea! I had not visited this place for over a year, until recently, because of a dismal experience with Saleena (see previous FR). However, Blue Ice girls were a little thin on the ground on this day, and I'd seen a rather appealing set of photos of Leah on the Studio's website.

The Lady:

I say "appealing" because Leah is all woman. She has lovely curves and large natural boobs. In addition, she has red hair - which always makes a bit of a change. She was in a basque and stockings. She is English and in, I would say, her late twenties.

The Story:

This was a superb girlfriend experience (GFE) which I very much prefer to the porn-star (PSE) one. Leah is sweet-natured and very willing. She knew exactly what to do and how to do it. The price included lots of DFK and OWO, and, after fucking in doggy and mish, I shot a load over her titties. A nice massage to finish, and on my way (and I reckon that, all told, I had five or ten minutes more than paid for - Leah absolutely did not rush me).
