The Story:

I had a great time with Alexis and she seemed to enjoy herself too.

We started off chatting on the sofa with a glass of wine. Alexis is intelligent and very good company, but knows when to stop talking and we soon moved on to some passionate kissing, and then quickly through to the bedroom.

I don't go into details, but Alexis is a natural at escorting and I enjoyed every minute of our session. Not a clock-watcher either - it was about 5 minutes over the hour when she left.

Highly recommended. Alexis - I'll be seeing you again soon !
