The Story:

Punting In Enemy Territory. Headed out from West Ham Heading for deep inside Milwall scum Turf. Chose not to wear my hooligan gear as I was alone and not out in a crew so undercover was the order of the day. A revamped West Ham tube station makes easy access for scumbag turf. Journey time of 17 mins takes you to the doorstep of Canary Wharf with all those office tarts and suited spives hanging around taking fag breaks, makes me sick. Got off at Crossharbour station and appartment was 10 mins walk away on Manchester Road. Apartment was on top floor no one about so safe as houses. Rachel let me in not wearing what I had requested bit of a bad start. Went to the bedroom and finaces sorted asked me if I needed a shower I took one before i left so not needed asked if I wanted a drink said ok to water (BIG MISTAKE) left the room and did not see her for 15 mins. I thought f__k it so I got butt naked and spreadeagled on the bed waiting. And when she finally turned up it was the most fantastic experience and within 40 mins left I blew my wod twice. She did something I have never experienced it was like a twilight zone moment she took each of my testicals in her mouth and sucked and licked like a Dyson BBBJ. This gave me a feeling of ultimate pleasure, Euphoria leaving me drifting in a daze in all my time punting I have never Experienced Plesure like it, her blow job technique was like nothing I have ever had. She drained my balls dry and left my balls tingling even as I write this report two days later. If you need a blowjob Rachel is the best in London. My only Gripe was her Breath stank of Fags, what is it with whores and fags? After I had finished took a shower and headed back East to the Boleyn Pub for a few Jars and then payed my respects to the Bobby Mooore Statue and then off to bed with my balls still tingling.
