The Premises:

Well documented. I did find a quicker way of getting there from the tube. You have to go up to the shopping centre way over towards the right of the station. Check it out on Google Maps.

The Lady:

A bit plumper than the photos

The Story:

Top marks for enthusiasm. kissing was hard and full on. Oral was a bit toothy which is nice, reminded me of a tryst in my car with the credit controller hundreds of years ago (when sex was free - well freeish!) Sex was good, but the condom was too small (common complaint, but I'm not particularly well endowed. I should bring my own) so I had to ask her to whip it off and finish me off by hand. Nice hard grip and plenty of action. An enjoyable time was had by all. Actually I won't see her again as I prefer my ladies to be skinny and lighter, but that's just a personal thing.
