The Story:

I was over an hour late after a torrid time in getting to Oxford around the car park that is the M25 and Tara was a most welcoming site-she had managed to amuse herself in the hotel bar people watching I believe!
After a quick shower we settled down for a glass of bubbles that had chilled in quick order and spent some time (at my instigation) having a natter, discussing life and the world in general-allowing me to de-stress from the journey.

Moving onto the bed from our sitting area I discovered the other side of Tara that is the passionate, raunchy, sexy and all consuming woman that many of us would gladly lock away for our own benefit.
Tara is a very open and receptive woman, a GFE she may be, however anyone considering seeing her would be advised to be well rested and ready to explore his innermost desires.
We had flirted briefly by mail before our time together and some of my suggestions were happily engaged in. I hope they proved as satisfying to Tara as they were for me.

This woman is intelligent, honest and should be treated with respect by all who spend time with her. Comments on the board may sometimes give an impression of Tara, which is totally at odds with the real person- tongue in cheek is a phrase I think would sum them up well.

I seldom enter reviews to this site (and its main competitor), not entertaining on a regular basis in the UK, however this lady deserves major credit not only for our date but for her willingness to visit me so soon after her terrible experience leaving a booking the previous week.
A note to Tara?s future clients (and a large kick up the rear for the regulars) make sure you escort your lady to a place of safety so she doesn?t get problems!
