The Story:

Was out when I called, so met in town and took her back to flat. Had a lot of difficulty meeting up, as neither of us know the area, so didn't get off to a good start.

When we were going in to the flat, her neighbour appeared outside and we had to scurry in. Had said she had to meet landlord later, but would be OK for time. When we were stripping off, said she had to leave early to go to the clinic as a condom had split the day before. With 3 things now, alarm bells should have been ringing. Started a bit of feeble OWO, then jumped up to look at her phone and said that landlord would be there soon - some discussion ensued, resulting in calling off the rest of the meet. Asked for a partial refund (she still had her knickers on!), said she didn't give refunds and I had paid for her time (10 minutes!).

A lot of similarities with report 97076 by magician101. Maybe I was unlucky, but I got a few minutes of limp OWO and didn't even see her pussy for ?150 - complete rip-off, avoid at all costs.
