The Premises:

Just 1 minute from the railway station in a side street off London Rd. No problem with safety and I was welcomed by a friendly maid. 2 girls working so I was introduced to both, first was Abbie a mid twenties attractive blonde very shapely and attractive wearing a basque, the second was Sally a very busty brunette and being a busty brunette fan my choice was easy, I chose Sally and was shown to which I think was the larger of the 2 working rooms. I went for a shower and Sally entered the room.

The Lady:

Sally who I learned is here on a thursday only, is I would say early thirties very pretty experienced and proficient at her job. We discussed my requirements and both felt at ease with each other. We agreed on a few quid extra for OWO, always getting things clear before is best and allows the proceedings to flow.

The Story:

A passionate snog got us off to a good start as our hands started wandering straight away and we soon were on the bed playing with each others bits. 69 was brought forward because we were both wanting to pleasure each other due to chemistry which was evident. Using a couple of fingers easily brings Sally to a quite impressive orgasm and she adored me giving her pussy a good licking. Loads of snogging kept us going while we had sex in just about every position possible. Sally is quite vocal when you get things right and she has gained herself a regular when I'm next in Leicester, I would be surprised if there is a better lady at this establishment but I guess I will try one of the other girls if Sally is not working. Sally thanks for a wonderful time, the first of many I suspect
