### The Story:

Hooray! Hooray! Candy is back. She disappeared about Christmas time and I was afraid that she was gone for ever.

Her new home is delightful. She has furnished it in rustic style. It opens onto her well maintained patio garden, ideal for a glass of summer wine.

She tells me she is about to launch a new website. It will have a cowgirl theme, which is very appropriate as, Boy, does that girl know how to ride! When I visited her yesterday, we rode off into the sunset as if there was no tomorrow. I don't know about her but, roaring like a lion, I certainly reached the Promised Land. Before and afterwards we chatted and cuddled. A true GirlFriendExperience.

Welcome back, my Exotic Mistress! You will brighten a lot of lives and I will have to find more excuses to visit to London."
