The Story:

This is about my fifth time with Ann so she must press some buttons with me, however Ann will do sex and oral but prefers the more kinky service which I love, she is good at role play, I was her wicked step son who had stolen from her purse I was strip searched slapped and taken in the kitchen naked to be scrubbed at the kitchen sink. Ann enjoys humiliating my little dick telling me her friend is about to walk in and laugh at me. after the wash she took me to the bedroom to be towel dried and sexually assaulted with massage relief. It may not be everyones cup of tea but Ann will listen to any request is understanding and does put effort in what she does
