The Premises:

Luxuriously furnished flat above a shop on a main road. The entrance is via a very exposed wrought iron stairway to the rear. Parking is available in local streets, it is also near to Elmers End station and local bus routes.

The Lady:

Two girls were available but only Carmen was available when I arrived. Nicely built lady in her late twenties. Quite curvaceous hips and buttocks but with a slim waist (particularly evident in doggy) and reasonably large breasts. These have been enhanced, not so much to increase their size but to uplift and make them perky, they still retain a pleasant softness. Pleasant and obliging nature, although a lot of things are "extra". Says she is Spanish but admits to speaking some Romanian.

The Story:

A pleasant session, starting with mutual exploration of each other, then covered but pleasant "O" levels followed by sex in several positions. Session was reasonably unrushed and I came to a pleasant climax.
