The Story:

I met August outside the entrance to her flat, two minutes walk from Maida Vale tube station. It was a cold rainy night and she was struggling with her shopping. I recognised her immediately. She was wearing a sexy short white coat that was longer than her skirt, a great look, and she guessed I was there to see her which resulted in big laughs as I helped her up the stairs with her bags. A block of flats that have seen better days but August has made her place warm and homely. The place also has a good powerful shower with very hot water and lots of big mirrors!

I seemed to hit it off with August immediately, she has a great cheeky sense of humour and a very sexy husky voice. She asked me if I wanted girlfriend or dirty so I chose dirty girlfriend, which she delivered perfectly.

To summarise the action, cuddles and kissing with tongues, deepthroat owo, 69 (she was very wet before I started on her pussy), a long session of cowgirl (I think she came a couple of times and she was obviously enjoying watching the action in one of those big mirrors), doggie, a long session of anal doggie, a finish in her mouth and a snowball to finish (not something I'll be doing again, thank god a can of coke was close to hand).

We had a good chat and play around, well after the hour was up, and I helped her with her spelling when she answered a text from the agency asking how things had gone - she said something like 'fantastically incredibly amazingly good, still in recovery'. Same goes for me.
