The Premises:

ahhhh, Victoria House!!

A great haven. so relaxing and also exciting.

I know some dont like communal waiting areas, but the most exciting thing about VH is sitting in the upstairs waiting area, watching the other girls strut in and out of their appointments, in stockings and heels across the wooden floor :) And then the excitement of hearing your lady's footsteps on the stairs as your turn arrives..

The Lady:

Tall-ish, dark haired, tanned northern girl.

Nice body, though definately not as toned as she appears in her site pics. I'd guess at late twenties/30.

Nice and pleasant though.

The Story:

Nice, unhurried massage. The conversation was general, which I always find a bit disappointing as I prefer something a bit raunchy - i like to be acknowledged as the naughty young man I am!

Went down on her then came on her face - all fine.

The best bit of this was that as the standard rooms were all full, the staff put me in the VIP Room. I'd never been in before and it really is great. Big room at far end of the place to the standard rooms, with a pole, massage table, bed, and a proper bathroom with a jacuzzi around a corner. Find a girl you like and get an hour in here ;)
