The Premises:

Nice clean flat in the city centre, was advertised as secure and I suppose was as described, felt safe enough although might think twice about after dark.

The Lady:

What can I say, very toned, and very very agile. Not massive tits but the clothing made up for it. I asked on the phone for her to wear a black dress that she has on the website - looks even better in the flesh

The Story:

Very nice, if you are looking for miss prim and proper this is NOT her, but if you are looking for a good ride, from someone who really does try hard then this is the girl for you. She really did enjoy herself with me - well at least that is the impression I got. Plenty of kissing, the oral was great, did not do reverse as the oral on me was too good, and I was just thinking about my pleasure. Finished with the best sloppy hand job ever.
