The Premises:

Typical Soho walk up although it seemed a bit classier (if that's the right word) than others

The Lady:

Sexy Spanish senorita. At least she looked Spanish although I caught a bit of an Eastern European accent in there somewhere. She spoke good English though. Lovely slim figure, very good looking.

The Story:

It was a toss-up between Sandy and Andra (next floor up), but I chose Sandy - talk about luck of the draw!

I went for oral and sex, and she treated me to some great oral including putting the rubber on with her mouth. The oral was just about enough to make me cum, but she stopped just in time for a good fuck, with her in cowgirl position. All in all, what was going to be my last punt for a while due to quite a few negative experiences has reignited my passion! I'm not normally into going back to the same place (or at least the same girl) but I'll definitely be back to see Sandy again!
