The Premises:

Nice victorian terrace house,clean, crisp modern decor. Parking safe on residential street.

The Lady:

Becki is as per her pictures. Gorgeous, gym toned, brunette. Very pretty, huge enhanced breasts and delightful freckles on her skin. Definately a head turner.

The Story:

Had been trying to see Becki for a long time and finally managed to find a time we were both free.

Met by Becki in tight black dress, proceeded to living room for a chat on the sofa. Becki is very good company and incredibly attractive. After ten/fifteen minutes chatting was asked if I'd like to go upstairs.

Led into the bedroom where Becki proceeded to strip and lie on the bed. A few kisses, very gentle and soft. While this delightful it was not quite a full on as i'd hoped, however Becki worked her way down my body and took me in her mouth for a while.

Becki then asked how I would like her. Unfortunately she had overdone it in the gym earlier in the day and wasn't at her most flexible, she was also struggling with my size, but after some experimentation we found that doggie worked best for the two of us. Once we got into the swing of it I couldn't last long, firstly as she was very tight and secondly she was so incredibly good looking!

Overall I'm not sure how I felt leaving. Becki is definately gorgeous and gives a soft, welcoming GF experience. however I was a little bit dissapointed things had not been a bit more full on. I will return however as she is great company, gorgeous and I suspect a little bit more wicked with some warming up.
