### The Premises:

Julia organises her "incalls" by booking a hotel room, the cost of which is included in her fee. So we actually met in a nice four star hotel north of Oxford Street

### The Lady:

Young, blonde and very fit. Pretty, too. The pictures and descriptions on her website are accurate. But Julia is a mind-body experience. She is a very sharp and very sexy lady.

### The Story:

E-mails sorted out the venue and the general form of the date, which included finding a matching window in our diaries. Her e-mails were a nice balance of business and flirtatiousness. On the day we communicated by texts, coping well with the late running of her train.

I'd asked Julia to seduce me, and she did so with flair and attention to detail. A very interactive lap dance featured. She showed me how she wanted me to play with her nipples and vagina, and schooled me 'til I got it right. The feel of her labia, wide open and hot, will stay with me for a long time.

Sex when it came was exquisite and over far too quickly. I feel that I explored only the tiniest fraction of her sexuality.

The after-sex conversation was wide-ranging, far-reaching, up-lifting, but also very down to earth. Were I but 30 years younger some serious courtship might have ensued.

Would I try to see her again? Yes, most definitely yes. She'd be a great dinner companion, and afterwards I'd want to tip the balance between seduction and sex much more towards sex.
