### The Premises:

If you haven't seen Claire before, you will need to allow about 15 minutes extra when planning your visit, as her place is a little bit off the beaten track - and you'll only be given detailed directions when you get to the general area (J13 M4 is the easiest reference point). But when you get there, you're in for a treat - it's tastefully decorated and delightfully old-fashioned, with plenty of character - and low beams (remember to duck!). Parking is not an issue, and there are not really any neighbours to speak of - you should feel extremely safe here.

### The Lady:

Claire is a woman in her prime - she's in her 50s, and gives off an air of being extremely comfortable in her skin - and frisky! I found her very attractive; you can find pictures on Judy's site. Claire keeps herself in shape, and it shows. She is also intelligent and well-spoken, with an impish sense of humour.

### The Story:

In recent times, I've mostly been seeing Massage and HR ladies, but I decided that I should venture back into the realm of punting proper, to see what I'd been missing. So glad I did....

I got a good feeling from reading about Claire on PN, TSTCBN and Judy's - I felt that she would not only make me feel good, but that the encounter would be fun. Research generally pays dividends, I find - and this visit was no exception. From the moment I stepped through the door, I was made to feel not only welcome - but also that Claire couldn't wait to get started on making sure I would have a good time.

From that point on, I knew I was in the hands of someone who not only cared about the quality of her work, but who also gave every appearance of enjoying herself in the process. Nothing was too much trouble, everything I wanted was on offer, and my efforts at reciprocating pleasure seemed to be fully appreciated.

I received pleasure by hand, mouth and tongue (in one of my favourite places to be tongued!); we did the deed in 3 positions (or was it more?), and I did my very best to give as good as I got - with

hand, mouth and more tongue. In the time-honoured phrase, either she's a very convincing actress - or she really enjoyed my attentions.

Claire's special skill is to make you forget for a while that you're with a professional, to relax into the kind of feeling you get when you're with someone you've known for years, someone you can let your hair down with - if I had much to start with, that is....

Because of this, I found myself going for it in a way I would not normally do with a WG, which is perhaps - being neither as young, nor as fit as I once was - why I began to run out of steam at one point. No problem - Claire took charge of the situation, and not only made sure that my climax was memorable, but also helped bring me gently back down to earth when the moment had passed.

I left feeling relaxed, pleased - and generally in a much better frame of mind than I had felt for some considerable time. To sum up, I'd say Claire is in her element in this work, and a credit to the profession. Beat a path to her door - you won't be disappointed.
