The Premises:

Mk Angels place, well known enough I suppose. Charlotte was working reception, I hope she goes back on the rota.

The Lady:

Tall slim readhead. I was taken aback how young looking Helen was, as somehow her pictures led me to suspect she would be a little older, plus you don't expect true ages on agency bios. Actually she could pass for 20, there was something very girly in there, or maybe that's just an older guys perspective.

The Story:

Although I was concerned about the age difference when we started I had absolutely nothing to worry about. Helen treated me like a lover throughout and we had a really intimate feeling session. Two rounds of nice action interspersed with friendly chat. It would be difficult to spend two hours with her without learning something about her quite amazing and well documented oral skills. Well the reports were all true! At the end of the experience I suffered not just wobbly legs but the arms the rest of the body and what's left of the brain had gone too, a good job Helen x
