The Premises:

Hotel right behind High Street Kensington tube station. Rather busy so no one bats an eyelid if you walk straight in. Room was small but functional. Charlotte had set up an ice bucket with a variety of drinks and refreshments

The Lady:

Very good looking hot blonde. Very fit body, face exactly like her photos, age given seemed accurate. Enhanced breasts but very well done with nice prominent neeples. Says she is 5'5" but I would swear she seemed taller, killer heels and good posture help with this.

The Story:

Charlotte is by her own admission new to this and it shows. This is meant as a compliment as her sexual technique is exquisite but she still maintains an openness and enthusiasm often lacking in more seasoned girls. I was greeted in the room by the beautiful and scantily clad Charlotte and I was offered a drink and a shower. We sorted out paperwork (my initiative, she remained ladylike and waited until I was in the shower to put the money away and notify the agency of my arrival). I would rather not go to a blow-by-blow account but I will say that Charlotte exhibited excellent oral skills with the right amount of deep throating and culminating in beautifully executed CIM. In between bouts she remained friendly, chatty and tactile and when the time came for full sex she proved herself to be agile, responsive, tight and of course in possession of a very hot body. She will occasionally ask what do you want to do, but this is more an indication of an eagerness to please rather than lack of initiative. All in all this was an excellent booking (and a nice re-introduction to the world of punting for me) and I would wholeheartedly recommend Charlotte.

A final word on the way the booking was handled by Maxes. I understand that a lot of people have had issues in the past and I must confess that I had my share of misunderstandings with the receptionists. Having said that, this time everything worked like a charm (apart from the dreadful weather and traffic jams, but I don't I can blame the agency for that).
