The Premises:

Discreet house away from twitching curtains. House was clean and tidy...what I saw of it!!!

The Lady:

Attractive woman who oozes sex. Great body with lovely large breasts and a masterpiece of a shaven pussy that just asks to be licked.

The Story:

I had been trying to meet helen for a good while, but shes a popular lady who sees a limited number of clients. All this just adds to the anticipation though, and its well worth the wait.

I was met by Helen who greeted me like an old friend with a hug and a kiss. As though it was the most natural thing to do, Helen took my hand and led me upstairs making polite conversation which I found hard to concentrate on as I couldnt take my eyes of her short skirt and suspender clad gorgeous legs.

On entering the bedroom, we sat down and continued chatting with helen stroking my thigh and whilst her eyes were saying " fuck me". She took off her top and that was a good enough sign for me to rip my clothes off and join her naked on the bed with a hard on you could hang your stetson on.

The rest of the hour was a trip to heaven. There didn't seem a lot we didnt do although there I am sure Helen was only scratching the surface with regards to what she could do to your body and mind. I will leave the intimate details in my mind which will stay with me for a long time.

When I can afford it, I shall see Helen again. She is without doubt one of the horniest women you are ever likely to meet in this life or the next. Go see her!!!!!!!
