The Story:

I had had a good run of brilliant punts but I'm afraid this one brought that run to an end.

It started quite well with kissing & cuddling but she started clockwatching & making comments half way through about my time being nearly up & her OWO technique was pathetic, basically she was just wanking me off in her mouth with no use of tongue. Her comments had put me on edge & I just wanted to get it over with. The inevitable knock on the door came after about 25 mins. & she immediately stopped sucking me & announced that my time was up. I had not managed to come.

I even offered more money (out of frustration) but she just scowled & made me leave. I left without too much fuss but I felt frustrated & cheated.

I truly wished I had stayed at home & had a wank. I would advise other punters to avoid her.
