The Premises:

A hotel about 6 minutes walking distance from South Kensington tube station. The room was nice and warm with an ensuite bathroom, but the lights were turned down really low so it wasn't easy to see everything.

The Lady:

Oh dear - another bait-and-switch job. Kelly is clearly not the person in the pictures on the website. I asked her if it was really her in the photos, and she insisted that it was, but I believe she said that only because she was anxious to keep her job at the agency. On a positive note, Kelly is still reasonably pretty, in an everyday girl-next-door kind of way, rather than in a stunning asian pin-up model way like the website photos portray. I actually became more attracted to her as the hour progressed. She probably is Korean as the website states, with Korean-like facial features and smooth, clear white skin. Her body-type is different than the photos, with breasts about one or two cups smaller, and she has more weight (but not fat, just above average). About 5'4"-5'6" in height.

The Story:

I actually enjoyed my time with Kelly: it's really the agency that I can't recommend rather than her. As it was a bait-and-switch, there's no guarantee that the next "Kelly" I visit will even be the same person. It's a shame, because I liked her a lot. She was very kind, soft, and attentive. A shower was offered both at the start and the end of the booking. She kisses, but not french, and she doesn't allow reverse oral. She gave an AMAZING blowjob (owo was on offer, but I chose covered, as I usually do) giving plenty of eye contact as she did it, which I love! Possibly the best blowjob I've ever been given by an escort. The noises she made during sex sounds a little bit like how the girls in Japanese porn sound, but not as exaggerated. I thought she sounded cute and sexy! All-in-all, I caution other punters about seeing this girl, because of the chance that you may not get the girl I've reviewed due to the agency's bait and switch tactics. Too bad, because her performance was very good.
