The Premises:

A nice clean, warm flat close to the tube station. The flat is on the ground floor next to the main entrance, so no need to climb any stairs!

The Lady:

Most of the time, escorts wear no makeup and so do not look as stunning as their professionally done, airbrushed photos on the agency websites. Celia is no different, but she is still naturally beautiful. If her website photos are rated as 10 out of 10, then in person her appearance is 8 out of 10. At first I didn't quite recognise her from the photos until she smiled, and then I instantly recognised the smile. The photos do not show that she has a piercing on her bellybutton and her right eyebrow, and a small tattoo on her left hip and on the back of her neck. She has beautiful skin with very few blemishes, and her body shape is almost identical to that shown in the photos, except that her bum looks bigger in person (I like big bums so it's not at all a bad thing, in my opinion!).

The Story:

Celia also goes by the name of Selina or Seline on other agencies. We clicked right from the start. I got on really well with Celia, and I was totally loving her beautiful face and body. The stuff we did was plain vanilla sex, massage and covered oral, but I enjoyed myself thoroughly. Her English is very good, and conversation was lovely. But be aware, she does not kiss. If kissing is essential to you, then Celia is not for you. I would happily return to see this angel again.
