The Story:

It is close to unreal what I have experienced with Paris in that 1 hour and difficult to describe everything, but it is sure that I will see her again very soon and then for a longer time, as she has more to offer than wild sex and I want to find out more about her. As for the sexual part of the meeting: no need to go into details. She is a "sexual animal", who does everything, excels in everything, enjoys it and ... asks for more! She might be playing a role, but she does that with such brio and maestria that the illusion (if illusion) is perfect. Call me naive but, after our meeting, I remain convinced that she does indeed enjoy her job!
