The Premises:

Nice flat 5 minutes walk from Edgware Road station heading over Paddington Green, a safe area. Immaculate bathroom nicely lit with soft blue lighting. Bedroom decorated for sex, a large plasma centre stage with porn playing.

The Lady:

Aisha looks as good as, if not better than, the latest photos on her arty website. Fabulous body, great breasts, peachy arse, silky smooth light skin and come to bed eyes, put to great use when she smiled and winked at me when my cock was in her mouth.

The Story:

The session started with a warm welcome as she helped me undress. She was out of her figure hugging outfit in no time at all and joined me in the bath for some playful deep oral. I asked her to turn around and bend over which allowed me to return the favour and spend a good few minutes eating her pussy and arse.

We retired to the bedroom and had another prolonged and energetic bout of oral both ways then moved into 69. Finally Aisha came up for air and asked if we could fuck. On with the condom and she squatted over me, my cock disappearing up her tight pussy. She worked me really well, energetically bouncing on my pole. I asked if I could fuck her arse and she was happy to oblige.

We started reverse cowgirl then moved into spoons so we could both watch the in-out action from the large mirror at the side of the bed. Aisha was getting really turned on at this point and her kissing was becoming more and more passionate as I fingered her clit and pounded her arse. "Can you put it in my pussy please" she gasped. I went to withdraw my cock from her rear and she looked at me in heated concern. "No, leave that, put your fingers in my pussy please!" So it was with a diy dp that we both took ourselves past the point of no return, a very horny way to finish.

Afterwards a nice chat and cuddle discussing the merits of threesomes, asian porn actresses and bling butt plugs before a shower and goodbyes. It would be hard to think of a better way to spend

an afternoon.
