The Premises:

clean and warm,at this time of day i think anywhwere is safe.unless your a local, coming out from this place is just as acceptable as coming out from any other shop especially when shared with another business

The Lady:

its ashame that faces are blurred out on web pages especially when the girl your are interested are so pretty,Lana size 8 very attractive nice tan, clean well spoken.it is a shame when you are told how old a girl is on the web site only to find out they are a little older.

The Story:

i was a bit dum struck when she entered the room,i had imagined lots of things i wanted to do/try but this was lost within seconds of her entering the room,she polited ask if she could massage me first with the use of baby oil, very nice, i had to keep eye contact wth her so interrupting this process i change to playing with her instead,after she asked if i wanted oral with or without,i opted for with?,didnt want to spend anymore cash,oral was good and quickly moved onto,cow girl,to which she brought me to a finall end with great enjoyment.the pictures of the girls in the parlour gives you a better insite to what they really look like,this would give you a better idea of who to choose before going ,i'm sure that people who use these sites dont look to see if they know anyone so they can inform on them to their husbands/boyfriends etc
