The Premises:

Located in the former docks area. Area a bit run down but seemed safe enough during the day. I'm not sure if I'd venture there at night. parlour located in industrial building and has discreet entrance. Once buzzed in I was met by friendly receptionist and shown directly to room. Overall interior very clean if a bit spartan.

The Lady:

Paige is a very attractive, tall slim lady in her twenties with a nice bubbly personality. She entered the room wearing a black towel robe, high heels and plain black lingerie. She has long brown hair which fell half way down her back and bushy pubic hair which I find a real turn on and nice pert, perfectly formed tits.

The Story:

We started with a massage which was poor but as this was not the reason for my visit I didn't mind too much. She started with covered O before straddling and riding me hard. I wanted to take her from behind but she wouldn't hear of it. She finally finished me off by hand. Overall a pleasant experience with a very pleasant lady.
