The Premises:

Very nice block of flats near to Queensway / Bayswater tubes. Pleasantly warm inside after the freezing temperatures out.

The Lady:

Natalie advertises on the AW site as Night Butterfly. Petite at around 5', small but delicious boobs, long black hair and, as is often the case MUCH more attractive in the flesh. Fully shaved as well. She's Hungarian but speaks excellent English and has an interesting day job :-)

The Story:

I was working in London for the week and decided to see who was working near me. Natalie came up and I contacted her despite the fact that she doesn't have any feedback. I needn't have worried, she's a really genuine, nice girl. Not going into too much detail (not like me I know) but suffice to say we kissed, talked, stroked, laughed, licked, sucked and fucked a lot in the hour and a bit I was there. Although Nat obviously enjoys being pleased, she's really determined that you have a good time too. I didn't make any alternative requests but got the impression that little was off limits. Very reasonable rates and no clock watching at all.

At last a good reason to go to London! Please be very nice to her.

Nat: Thanks very much xx
