The Lady:

Doesn't look like any of the photos shown on her ** profile. She describes herself as 19 and used to be a glamour model. She might well be in the past, but I doubt she would get any modelling job in the future.

The Story:

This is my worst punt ever. I should have walked away the moment when she asked for my money soon after I entered the flat.

I asked for a quick shower, as I always do. I was in there for about 5 minutes or so. When I was done, I found that there was no towel. I opened the door and asked if there's a towel that I could use. She replied: "Sorry, I haven't done my washing!"

I was then on the bed where she gave me a massage. Soon after that she asked me to turn over. She put the condom on and started to give me a bj -- which was bad. I asked if she could lick my balls, she refused. I asked if I could have DATY, she said no. Right... what could I do? She said I could play with her boobs, gently. I tried, but she was pushing my head away saying I was biting her -- but I wasn't. I tried touching her hair, and she was there pushing me away, again. She then began rushing me into a missionary position and continuously kept asking me to go faster. I said I prefer to take my time. Eventually, I came. And within a split second she's already up from the bed and had her clothing on. I was left there on my own while she went to the bathroom, came out, and started playing with her mobile phone. I looked at her, and I am sure she knew I wasn't happy. I asked if she could give me another massage, she refused, saying my time was already up. I was very angry inside but I kept my cool, put my clothing on and left.

Stay away from this girl! Is a complete rip-off!
