### The Story:

I must say this was one of my worst experiences at IM. You can tell right from the word go that she wasn't interested at all and was extremely unprofessional. Website description mentions GFE and French kissing but obviously that wasn't the case. I know IM only publishes the positive reports, I have no problem with that, but at least make a note of these negative reports especially for the fact that you don't want your regular clients to be affected because of that.

Overall experience not worth cherishing at all, would not recommend her and obviously would not like to visit her again. Very rarely I have had unprofessional experience at IM I am sure the management would do its best to maintain the quality of service provided to its clients.
