### The Premises:

Brooklyns is well documented, the front entrance is a bit grotty and on a busy main road but inside is clean and well appointed. room was clean and tidy, shower worked, lots of fresh towels etc.

### The Lady:

Very pretty brunette lady with an excellent athletic figure. has a small tribal style tattoo on small of back. The photos on the website are recent and accurate and if anything do not do her figure justice.

### The Story:

Lana speaks very good english with just a hint of an attractive accent. extras wise she offered fun with toys to be used on her or me and also OWO (?10), the latter i accepted. She was very specific about this not being to completion but as her oral technique turned out to be very good I can understand there may have previously been some 'accidents'
