The Story:

It's the time of year for a blowout, and my Christ, I got one.

Have known Sadie for a long time, and she's attuned to my needs, pretty much the perfect whore.

So this was an experiment, doubling my pleasure with the presence of Barbara, making her HoD London debut. The two girls had met only minutes before, but within seconds of entering the room they had a rapport which put us all at ease.

Quickly stripped, I had them on their knees taking turns to give head, with each seemingly wanting to outdo the other. Had to pull Sadie up for a kiss just to stop an early finish, while Barbara started wanking my length between her large fake boobs. Both stood up and then started improvising, requesting me in the middle during a frenzied stage of rubbing and tugging.

Demanded - and instantly received - deep throat from each, then positioned myself to watch everything in the mirror. Out of body experience ensues all the way to climax, two pairs of tits smothered in my load while my body shook with pleasure.

An all-time great punt and a pure porn experience you should rush to match. Legendary.
