The Story:

I have been a regular at the London Retreat for many years, but have never got to play with Lisa until now. Why did I wait so long!!!!

I was tied to the cross and tormented and teased, had pegs applied to my nipples and balls, during this time Lisa also sucked my cock.

I was led onto the bed and made to worship her feet legs and arse, what heaven. She then bent me over her knee and gave me a good spanking, which I am sure I deserved.

This was followed by some anal play where Lisa inserted her fingers up me, and then made me get on all fours and proceeded to use a strapon on me.

My reward for this was a bout of 69 where I did my best to make her come, she got very wet and I think I may have succeeded. Finished off with hand relief, where I failed to cum, as I had become over excited.

After the session was over we cleaned up and had a chat. I said I had thoroughly enjoyed the session and Lisa said she had too.

Shall definitely be back, and explore some more possibilities.
