### The Premises:

A well-known apartment in central Aberdeen. It is always clean, with good decor and robust beds, so cannot complain. I was offered a shower before and after, plus a drink of cool water, which I was to need very urgently a short time after arrival.... Mirrors along the side of the bed so I could watch my near-demise.

### The Lady:

Lucy is in her early 30's I would say, and carries herself with the confidence of any good-looking mature woman who is experienced, truly excellent in bed, and does not mind you knowing it. She has soft, shoulder-length blonde hair, a pretty face, a very flexible, strong and lithe body. She has a dirty laugh, and smiles at you in a way that might make you think you've bitten off more than you can chew, but just don't know it yet.

### The Story:

My fellow experienced punters out there will know exactly what I mean when I tell you that I just clicked with Lucy, physically, our personalities and our sense of humour. She's a deceptively smart lady, and nobody's bimbo. I liked her very much, and after some really fun RO that seemed to give her a cracking orgasm, she just sort of roared into life, snogged my face off and set about taking care of me with a serious amount of sensuous skill. It was just one of those occasions when you just think 'Bring it on...' and I just went with the flow.

Really good OWO, sex in some positions which tested my ageing frame somewhat, back to OWO and then a suggestion from her for a finish that would make a sailor blush. I love it! She is just so fabulously naughty, womanly and sexy all at the same time, and I loved every minute with her. I'm generally very picky these days, and I can tell you Lucy is a real find. If you miss her when she comes back, it's your loss!
