The Premises:

Clean enough place, well decorated inside. Has a shower, although it only seems to be cold. In a block of flats overlooking a busy car park in central MK, so could be quite exposed during the day.

The Lady:

Profile is a little bit inaccurate - quite a lot of airbrushing has clearly been done to her profile pics, and it is stretching it some to say that she looks like Catherine Zeta Jones. Also, she is not British, but almost certainly Spanish, Italian or Romanian. You wouldn't get away with sloppy advertising like this in any other industry, and shouldn't in this one either.

This is a shame because Lea has a lot to recommend her as she actually is. Cute, young and petite girl, probably only about 21 or so, with jet black hair, pert breasts, a lovely little petite body and a bit of a 'tulip pussy'.

The Story:

Decided to ring up on spec as hadn't ventured to Annabella's before. Got an appointment with Lea, which is what I was hoping. Lea massaged me to start, then onto some wanking and covered oral, till I came. Then she let me play with her and give her oral, and this girl has a special pussy for sure. Then onto sex in missionary and doggy before she sucked and wanked me to come a second time. Really good and a lot of fun, also slighty domineering in a fun way. Looking forward to another effort with Lea already.

Only other little niggle was that the orange juice I asked for didn't turn up!
