Curvy romanian woman with crooked black or greyish teeth and also she has black hair.

The Story:

When I arrived at alexandria's house she instructed me to phone her as soon I reach her house after when she gave me the directions to her house of the Soho road. Once I arrived at the front of the house I phoned alexandria to let her know that I am outside her house. When she opened the door I was shocked to see her because before when I saw her pics on the ** and vivastreet website she looked a bit different because on her pics she looked like a model but when I saw her face to face she looked like a council state scutter. Anyway she reassured me that she is alexandria then she took me up stairs to her bedroom then she took off her jeans and knickers then she asked me how long would I like to stay for then I said that I would like to stay for two hours. As soon as I took of my gear I lay on top of alexandria and I was kissing her but the funny thing was when I was kissing her she kept on making grunting noises like someone who is on the toilet and is constipated. After that alexandria gave me a blowjob with her teeth and I swear to god I hated every second of it. After we did misionary and then a few minutes later I cummed inside the johnny. She then asked me if I would like to have a massage and I can tell you one thing the massage was crap she used ice cold baby johnson moisturising cream and the massage was painful she was rubbing my back really hard and she kept on making them stupid grunting noises. Ater that my phone started to ring and when I answered the phone my brother told to come home quick because we have some relatives? coming over . I then asked alexandria if I can finish the rest of the appointment off next week and she said yeah that?s fine by me. Anyway on the 4th of January I turned up to see alexandria to finish the rest of the appointment off but then she started to charge me for seeing her but I explained to her that I am here to finish the rest of the appointment off but she then said that she doesnt know me nor she hasn?t met me before. She then showed me her mobile number which was different then the one that I used to contact her then when I phoned the number that I used to contact her it was a different woman on the phone and even she also said that she doesnt know me. Then the woman who I was seeing came out with a stupid excuse saying that her name isnt alexandria it is alexa and alexandria is her identical twin and she thinks that on the 30th of December it wasnt her it was her identical sister that I met on that day. I know for a fact she is

bullshiting because if it was her sister that I met then how come when I phoned her sisters mobile then why did alexa or whatever her name answered the door and said my name is alexandria and if she did have a identical sister then why the girl called alexa (the woman who I met on the 4th of January) have the same colour teeth as the woman who I met on the 30th of December and also the girl who I met on the 4th of January was wearing the same knickers as the girl that I met on the 30th of December and I know that because I saw them when she was undressing herself when I came to see her on the second time on the 4th of January to finish the rest of the appointment off from last week. In conclusion I strongly advise everybody to stay away from this woman because she is a liar and a thief and if I know for a fact that siblings dont share each other underwear?s because that is so minging
