The Lady:

For those of you who like your women big, busty and sexy Carly is a dream come true. She has got all the right curves and tits to die for. If you like your BBWs you have to love her

The Story:

She is very new to the scene and I was fortunate enough to accidentally stumble upon her webpage. I emailed her and got a response promptly. As I was in London and staying at a hotel, I asked her to join me. She arrived at my room looking exquisite in a one piece dress and after some general chit chat we got down to business. She started off by offering me a back massage which was extremely nice and at once put me at ease. After around 10 minutes when i turned around she had already taken off her dress and was in her bra and knickers. Immediately I got a boner looking at her amazing breasts and before I knew it she was down on me with a condom. This woman makes a blow job with a condom a whole new experience. Before I knew it she was riding me slowly but steadily stopping every now and then to make sure that I don't come to soon. She came once while riding me and we came together once again. Absolutely fantastic. Treat this classy Aussie well and rest assured you will have a great time!! Definitely worth a second visit
