The Premises:

An ok Mayfair flat close to Green Park tube off Picadilly. Entry via doorphone and the bedroom was tiny. Bathroom had no bath! On street parking was easy and close.

The Lady:

Quite plain looking and definitely not the girl in the photo - shorter hair, taller, not as cute, no bust to speak of. But then that was just the first girl...

The Story:

What a bizarre punt! First things first, despite the location on the website saying 'Baker Street', I get sent to an address in Mayfair. Door is opened by a girl who is obviously not the girl in the photos, but still not unattractive. Ah .. the old 'bait and switch' but as yet I had no reason to worry too much. Offered a 'shower' and was shocked that this genuinely was a solo shower for me - I can't remember when that last happened with an asian girl. Then it was a massage. Ok. And owo - fine, a bit light but not bad. That soon ends and any attempt to kiss or touch her is shied away from. Would I like two girls? No thanks. How about some sex, I ask? More oral, she counters. Erm ... sex? No .. the last customer hurt her and she can't do sex, but a friend can. So off she trots and another girl returns. This one is shorter, long dark hair, slightly plumper with fake boobs. She at least has a better attitude and is willing to participate in sex. Her name? Apple. ok.

When I got home from this fiasco, I re-checked the site. Kumi's picture is still wrong and I can't even find an 'Apple' let alone the girl who was there. Very strange. So I can't really recommend either. And I certainly wouldn't recommend any agency that they are with.
