The Premises:

Flat near a playgroup. Safe enough but the room had a bed and nothing else in it whatsoever. Plenty of parking about.

The Lady:

Soft darkish skinned, young, skinny but not too skinny and not un attractive. Nice nipples on pert breasts.

The Story:

She answered the door with a towel wrapped around her displaying nice legs. English is not that good and kept asking if I was ok which got a bit annoying to be honest. Declined the massage and waited for OWO which was good although not deep throat as she has quite a small mouth. She performed OWO for quite a long while which was relaxing and enjoyable. Asked to have sex and she climbed aboard after the condom was applied. She shuffled about a bit but didn't really get me going so I asked for doggy and managed to finish in this position after playing with her tits for a bit whilst pumping away. I wouldn't return as I dont like the awkwardness of the language problem but would recommend to less experienced punters. A 6 out of 10 in my book, but for ?50 what do you expect?
