The Premises:

A dingy walk up next to a restaurant but discreet at this time of hour as it is off the main road. The room was very nicely decorated.

The Lady:

She's short with blonde highlights, says shes half greek, half spanish. Had a lot of birthmarks on her body which could be felt as you run your hands on her, Has big nipples too but very sensitive. Also a more than average figure which was hidden by what she was wearing to begin with.

Still very nice with an amazing girl next door look about her.

The Story:

She sent me straight upstairs to get naked which was abrupt, She came in and started getting naked, i asked her to slow down as I held her and stroked her body. We climbed onto the bed, at which point I started going down on her and her amazing lips. I couldn't get enough of them. She gave lovely oral before moving onto some missionary.

A sexy delightful girl, but takes the job seriously, pretended badly to have some interest. As soon as I was finished there was another punter waiting, she didn't even say bye and just walked into the waiting room straight to the next guy.

There are better girls for the money in Soho.
