The Premises:

Nice flat, much better than the unpromising outside of the block. The location is well described in the many FRs on Helen and the other girls of the agency.

The Lady:

Hair a bit darker than on the web-sites photos, but still nice and a pretty girl next door type, rather than the porn star looks you might imagine based on the performance and services!

The Story:

Only had time for quick visit unfortunately, but after reading all the reports needed to check out her deep throat. It's one of my absolute favourites, but I'm reasonably good sized, so it's hard to find someone that can take me balls deep down her throat. Boy does Helen deliver!! She's happy to take a good face fucking too, with all the great sound effects. She got straight down on her knees as I was getting undressed and just went from there. A bit of good tit fucking thrown in and her looking very sexy in the mirror once in a while while my cock was down her throat. Held off as long as I could and then unleashed a monster load all over her face and tits, which she took happily, commenting that it was what a good porn facial was supposed to look like. I'll remember that for a nice ego boost when I need one. Will be back for more.
