The Premises:

Her flat is in a modern block on the high street, with entry by entry phone. Very easy to find, if you get there early there's lots of shops to browse round. The flat itself is clean and modern with a nice bedroom and bathroom.

The Lady:

Ola is tall and slender with all her curves in the right places, she has tanned very soft skin, which is a real pleasure to touch. She has dark hair and brown eyes and very pouty kissable lips. On her upper left arm is a tattoo and she has a discrete navel piercing. Nearly forgot, she is very pretty and smells and tastes delicious everywhere.

The Story:

After the gift we undressed, then kissed and cuddled and then came a very nice massage. She then asked if I like 69, yes please! Her oral technique is very good and as I said before she tastes delicious, both holes. She then fingered my butt while sucking me, that was my first time and I must admit I'm not keen, though others would probably enjoy it. She then got me to fuck her arse. This is a first for me, normally it's a slow build up of foreplay, oral and normal sex before you get to the glory hole, I'm not complaining. End of round one, I must admit I was spent, a bit of kissing and cuddling, then she went down on me trying to get me to come again, the little monster was fully erect but the well was dry. I then gave her a massage, as I said before very soft skin and a pleasure to touch. After 10mins of that she got me to try again, fucking her doggy fashion, again no eruptions, my fault.

Ola is a very warm and friendly girl who brings a hint of Spanish sunshine to a drab winter in West London. I did have a regular girl in Feltham who seems to have gone walkabout, I get tired of going up to London, so I thought I would sample the delights of the surrounding area, I did this last year and after a few disappointments I found my regular girl. Now I feel very lucky because I think I may have found a regular girl at the first attempt.
