The Premises:

A pleasant location with ample parking although the entrance is easy to miss when approaching along a busy main road. The room she used was pleasant but very dark and she would not put the light on when asked.

The Lady:

An attractice lady with blonde hair and 32e bust, around 5ft 6" tall, I would say around size 10.

The Story:

The first time I spoke to this Lady I should of known this would be a bad punt, she is quite abrupt and generally rude in her manor, but I persevered because I am a sucker for big tits.

When I arrived she took the money and I waited in her room for nearly 10 minutes before she showed up. A quick massage and oral with protection and then onto the missionary position, all very rushed and she practically forced me out within 30 minutes.

All in all a very unpleasant experience.
