The Story:

I called A1-Asian with a very specific request and asked for a lady who can provide a good domination session and also has a strap on she can use on me. The agency suggested Lolita or Sayuri would best meet my requirements and I went with Lolita.

Upon my arrival at her place Lolita greeted me in a sexy black PVC dress and she was already wearing the strap on and ready to go! She looked great so I was very excited to be taken advantage of by her. Got the formalities out of the way quickly and she then kissed me deeply while holding my neck and then slapped my face telling me to get down on all fours. Happy to oblige she lubed up my behind and gave me a good fucking while spanking me at the same time. After this she produced a whip and beat me all the while asking if I wanted to pleasure her but denying my request. When she decided I had been a good boy she told me to suck her boobs which I did and then she made me lie down and gave me a blow job from the heavens. Unable to take much more I told her I was about to cum. I shot my load in her mouth and she then spat it in my face and told me I didn't have permission to do that. She made me eat every last drop of my own cum and then she got some baby oil rubbing my cock making it hard again and she told me I had to fuck her now. More than happy to do this I gave her a good hard fucking, pulled out and came on her tits this time. She told me to lick up my cum again, said I had been a good boy now and let me go on my way.

This was exactly what I was after so thanks to Lolita and thanks to the guy on the phone at A1-Asian who recommended her!
