The Premises:

Place is clean, but rooms too near to reception. A lot of noise coming from people entering, talking and of-course the entry buzzer. Very distracting. They need to somehow change the reception area, so it does not feel like you are in a pub whilst trying to savour the little time you have

The Lady:

Petite blonde. Very pert boobs and one of the best pussies that I have ever seen. Lovely body.

The Story:

Heather was on reception- no smile. Told me that there were only 2 ladies available and called out to the other- Lara. She just popped her head around and said hello and disappeared. I said I wanted Heather as I had read very good things about her. Paid 115 for the nuru all-in and off we went to room.

She put the shower on and instructed me to take shower and that she would be back in 5 min- still no smile. She seemed to be just going about the motions. Came back and started with back massage on squeaky massage table- which she assured me would not collapse. Then onto front-massage okay. All the time I was trying to make conversation to get her smiling. After about 15min, onto nuru mattress. Nuru was fantastic and I had a very powerful hard-on and good view of her pussy. She excelled at this.

After this instructed to shower and dry up again then lie on massage table. At this point, I got flacid as it was motions again. Asked her to get on top and gyrate on me, at which she replied- no time. Offered HR, but I wanted real pussy. No can do, so I left with a full ball sack. All in all, it felt like going through airport security.
