### The Story:

Having refrained from punting for a while I finally decided to return and having read some field reports decided to give Helen a try. The reports were wrong - she's not just good she's sensational!! We started with some great kissing then she took me in the mouth up to the hilt - I'm not that big fortunately for her and unfortunately for me. She rode me for a while then we tried doggy and finished up with more oral and I can honestly say it was the best BJ I have ever had. My only worry is that too many people will find out about her and I'll have trouble getting an appointment. What made it exceptional was Helens' really friendly approach and attitude coupled with a body to die for. Can't wait to make another visit
